

BPB Plasterboard Stand 34

World Class Building Products from a leading New Zealand Company

British Plasterboard is part of the Saint-Gobain Group of Companies, a multinational construction materials company, with turnover of over \$NZ120 billion. St-Gobain is renowned throughout the world for its product innovation, quality control and environmental practices.

BPB is the world's leading supplier of plasterboard and lining products supplying over 50 countries from 140 manufacturing facilities.

McConnell Group, one of NZ's leading infrastructure, property and construction groups acquired the rights to distribute British Plasterboard in NZ and the Pacific Islands in 2008 and established Element NZ as a specialist building products distribution company.

Now with 5 distribution outlets holding a full range of plasterboard supported by technical expertise and systems fully compliant with NZ building codes BPB is available throughout New Zealand.
