

**James Hardie**  
**Stand 39**

James Hardie is New Zealand Made and has been for over 70 years!

We're creating durable alternatives to traditional building materials. We lead the world with our patented ceramic low-density manufacturing technology (CLD). That puts us into our 6<sup>th</sup> generation of fibre cement technology and it means you get the benefits you've come to expect from James Hardie – the benefits others lack. Things like industry leading fire ratings and robust product warranties. Visit us today at [www.jameshardie.co.nz](http://www.jameshardie.co.nz)
