

**Pacific Coilcoaters
Stand 19**

Pacific Coilcoaters is the manufacturer of ColorCote(R) pre-painted metal products for exterior roofing and cladding, and interior applications.

We have a range of products available to suit EVERY building project in New Zealand, from the sea's edge through to the inland mountains.

The ColorCote(R) range is developed and tested specifically for New Zealand conditions, and is supplied through a nationwide distributor network that manufactures a wide range of profiles and flashings.

Technical assistance on any aspect of using our product is available by contacting Pacific Coilcoaters at 0800-ARXZRX or visiting our website at www.colorcote.co.nz.
