Continuing Professional Development

<http://www.boinz.org.nz/training-academy/cpd-programme.php>

Continuing Professional Development Programme

Welcome to the Institute's Continuing Professional Development programme.

The Institute's view on CPD for our industry is "the systematic maintenance, improvement and broadening of knowledge and skill, and the development of personal qualities necessary for the undertaking of professional and technical duties related to working as a Building Control Officer and Accredited Building Surveyor." The Institute also encourages all members of the Institute to participate in this programme.

The key reasons for introducing a CPD programme are:

- To allow individuals to demonstrate levels of proficiency and professionalism
- To enhance the skills of individuals
- To encourage a better trained workforce with ongoing professional development
- Recognition of experience and qualifications
- To lift the status of Building Officials and Accredited Building Surveyors by maintaining knowledge and skills within the professions
- To lift the status of Institute membership
- To encourage Building Consent Authorities, Territorial Authorities and inspection bodies to develop continual training for their personnel

List of training that is accepted by the Training Academy as at January 2009:

Organisation	Training
Training Academy	All
Department of Building & Housing	All
BRANZ	Seminars
Standards NZ	All

Red Cross	First Aid
Site Safe	All
NZ Quality College	Auditor training
IANZ	Accreditation training
Building Networks	All
Thermakraft	Seminars
Mitek	Seminars

List of organisations that are endorsed by the Training Academy as at January 2009:

Organisation	Training
Barrier Free Trust	All
Fire Safety Advisory Services	All

These above lists will be updated from time to time. If unsure about whether or not a training provider is accepted or endorsed by the Training Academy, please contact the Training Academy directly at training@boinz.org.nz.

To know more about the CPD Programme, please refer to the documents below:
