Promotion and Advancement of the Building Officials Profession in New Zealand

ABOUT THE INSTITUTE

The Institute is a non-profit registered charitable organisation. The Institute has a national office based in Wellington and eight branches nation-wide. The Institute represents over 1200 members engaged in building controls in both the public and private sectors.

The Institute strives to raise the status and advance the interests of the profession of building controls. The Institute encourages members to develop a better understanding of the responsibilities and duties imposed by Acts and regulations.
