

UNSUNG HERO AWARD:

This award is bestowed on one particular unsung volunteer who has dedicated significant time to making a difference at a local level with our Branch Network, or a member

This award isn't an annual award by tradition.

BOINZ has many volunteers. And BOINZ knows the current environment is tough on everyone's time.

The recipient of this award is a "behind the scenes" operator in many ways, but out there in others.

It's the behind the scenes part we are acknowledging tonight.

Our Accredited Building Surveying Programme wouldn't be what it is today without this individual's spirit, passion and input.

From the early days of working tirelessly to achieve recognition of members who worked in the Accredited Building Surveyor space, this person has continued to provide expertise, contacts and attended liaison meetings with regulatory sector participants with BOINZ.

She has identified failings, sought to provide solutions and assisted with media collateral development.

All of this as a volunteer, she has kept BOINZ abreast of market activity and helped BOINZ grow its Accredited Building Surveying Programme for the benefit of wider members involved.

In recent years she has been BOINZ's Report Writing trainer – a skill every BOINZ member needs to work on (a plug for the Training Academy).

Ladies and gentlemen, please give a big hand to

"SARAH SYMON"

in recognition for the -

"2019 UNSUNG HERO AWARD"
