

**VIRIDIAN GLASS NEW ZEALAND**  
**CONTRIBUTION TO TECHNICAL & LEGISLATIVE IMPROVEMENTS AWARD:**  
**This Award is given to the individual who has excelled in contributing to advancing the technical and/or legislative understanding of members.**

To operate in this space, one needs to be forthright and pro-active.  
Whether you would call these “attributes: or “expertise” is open to question, but it sure helps.

The recipient of this award has been working in their BCA for nearly 10 years,  
growing knowledge and skills, and moving through the ranks.

Her background naturally lends itself to interpretation and assessment, not to mention leadership.

With roles that loosely include technical advisor, investigator, prosecutor, regulator and quality manager, this person now has the significant responsibility ensuring council BCA policy practices and procedural documentation align with and meet the criteria of the  
BCA accreditation assessment regime.

To say she “has it all” epitomises the attributes of this individual.  
She is a lawyer by training but thrives in the BCA world, a world where she is  
hugely respected for her legislative and technical skills.  
Skills that allow her to guide and support the organisation and the colleagues she works with.

If you want the job done, then Denise Whelan, Auckland Council, Principal Specialist Building Consents is your person.

Ladies and gentleman, please join me in welcoming to the stage; -

**“DENISE WHELAN”**

our winner of the; -

**“2019 VIRIDIAN GLASS NEW ZEALAND CONTRIBUTION TO TECHNICAL AND  
LEGISLATIVE IMPROVEMENTS AWARD”**
