

MINISTRY OF BUSINESS, INNOVATION & EMPLOYMENT CONTRIBUTION TO TECHNICAL & LEGISLATIVE IMPROVEMENTS AWARD:

This Award is given to the individual who has excelled in contributing to advancing the technical and/or legislative understanding of members.

The bestowment of this award historically, has seen it go to recipients who have made a direct contribution to improvements of a technical and legislative nature.

This evening the recipient is an individual who has previously contributed in this way, but more laterally through their role working across local government BCAs has managed to add value through assisting others better understand and interpret the Building Code and Regulations.

Well-known and respected in the sector of Building Control and the wider building industry over many years, the recipient of this year's award is a special recognition by his peers in regard to the deference they have for his technical capability but also his ability to stimulate, inspire and grow the critical thinking capability of fellow members.

Travelling nationally in his role, this BOINZ partner has an appetite for instilling expertise in others while simultaneously using his knowledge and expertise to challenge the positions of individuals and their organisations in respect of their assessments and positions. Often, these challenges lead to technical and legislative suggestions and enhancements.

Revered by his colleagues, and admired by those he educates and influences, this individual brings wisdom and passion to Building Surveying in a way very few can match. His ability to articulate and decipher highly technical and legislative issues sets him apart from his peers.

This individual works closely with BOINZ and BCAs alike, he is a mentor to many and a friendly challenger to others. His enjoyment and passion is all about ***growing you*** to deliver on and advantage building outcomes legislatively and technically

Ladies and gentlemen, please join me in welcoming to the stage the recipient of the **2021**:

“MBIE INNOVATION & EMPLOYMENT CONTRIBUTION TO TECHNICAL AND LEGISLATIVE IMPROVEMENTS AWARD”; -

“CHRISTOPHER RANDELL”

Our man from Dunedin
