

RESENE CONSTRUCTION SYSTEMS EMERGING LEADER AWARD:

This Award is given to an individual who has shown exceptional leadership skills at a local and/or national level and whose actions have grown the value of BOINZ among members.

Emerging Leaders usually set themselves apart from others through qualities such as collaboration, confidence, consistent learning, and a propensity to grow others.

This year's recipient has been a BONZ member since 2012 and a Licensed Member since 2016.

Highly motivated with a confidence to clearly voice opinion and contribute, our recipient is an achiever and contributor within and outside our environment.

With numerous national certificates to his name, culminating in "Diploma of Building Surveying" our recipient has progressively worked his way through various roles at Manakau City Council, Auckland City Council and Auckland Council. Each career move has been characterised and punctuated by qualifications involvement in projects, and high levels of collaboration and team commitment.

With a highly respected customer service skill set, he is equally at home facilitating and co-ordinating small group discussions or as co-chair of Auckland Councils, Whakarango Mai, their Advisory Group to their Excellence Portfolio Steering Committee which manages and is accountable for investments and realised benefits to business priorities determined by Auckland Councils strategic priorities and Kokiri Whakamua – Fast-tracking Maori Leadership.

He has been a team leader within Auckland Councils BCA since 2019 and is the staff delegate for the PSA union. If that isn't sufficient, he is an executive member of the Institute's Auckland Branch, taking a hugely active role in event organisation.

On a personal basis, he continuously volunteers as a youth leader in a food kitchen, which provides weekly assistance to families in south Auckland.
