

## **BRANZ OUTSTANDING COMMITMENT TO INFORMATION, SKILLS DEVELOPMENT AND EDUCATION OF BUILDING OFFICIALS:**

**This Award is given to the individual or organisation who demonstrated outstanding commitment to providing information, developing skills and advancing the education of Building Officials within the Industry.**

This award stretches back to 2013, and it would be fair to say past recipients have had an enduring relationship with skills development and education of their fellow colleagues.

This year's recipient works in a specialist field within the building environment and in respect of the Building Code.

A strong contributor, a keen supporter, and an extremely safe pair of hands when it comes to technical knowledge and expertise.

He is a huge team player, who contributes within his organisation, at local levels through his Wellington Branch and further afield.

He thrives on working with fellow professionals and has a passion for assisting the development of his peers.

BOINZ members across the country have been the recipient of his **Fire Course training** and members of his Branch "inherit" his regular interpretations in respect of 'fire' queries and updates on all things "*fire*".

His commitment to keeping BOINZ Fire courses current is legendary – he gets it and just gets on with it.

An employee of Fire and Emergency New Zealand, and a member and friend of BOINZ,

**"TRENT FEARNLEY"**

Ladies and gentlemen, please join me in welcoming, **Trent** to the stage to receive the **2021**–

**"BRANZ OUTSTANDING COMMITMENT TO INFORMATION, SKILLS  
DEVELOPMENT AND EDUCATION OF BUILDING OFFICIALS AWARD"**
